A LETTER FROM THE EXECUTIVE DIRECTOR

Greetings,

I hope this message finds you well. Here we are, celebrating another successful and prosperous year! 2023 was incredibly productive and busy for us, filled with impactful contributions. It was probably our busiest year yet.

We provided over 43,000 meals in our efforts to combat food insecurity, and we delivered nearly 500 hours of casework to the girls we rescued from Afghanistan back in 2021. This support included transportation to and from appointments, résumé assistance, driving lessons, and much more.

One of the highlights of the year was our "Share a Meal, Inspire a Life" dinner series. This initiative brought together six CEOs and six girls from Afghanistan. During these dinners, the girls shared their experiences, recounting life in Afghanistan before their rescue and the positive changes since then. The CEOs shared their journeys, including their education and how they achieved success. These connections were incredibly impactful and inspirational for everyone involved.

What inspires me most about our girls from Afghanistan is their commitment to giving back. They have joined forces with the Mayo Family Foundation, volunteering regularly to support the community. The Mayo Family Foundation feels blessed and honored to advocate for these amazing women. Together, with their help, we will continue our endeavors to end hunger, mentor children, and ensure healthcare is available to those in need.

With great pride, I present you with last year's annual report.

Sincerely,

Bernadette Thies
